

The Bernard & Millie Duker Children's Hospital at Albany Medical Center is a 125-bed facility devoted exclusively to the medical needs of infants, children and adolescents, and is the referral center for all seriously ill and injured children from 25 counties in upstate New York and western New England. It is staffed by 140 physicians trained in 34 subspecialties and more than 400 pediatric nurses, therapists, social workers and child-life specialists.

Albany Medical Center, northeastern New York's only academic health sciences center, is one of the largest private employers in the Capital Region. It incorporates the 734-bed Albany Medical Center Hospital, which offers the widest range of medical and surgical services in the region, and the Albany Medical College, which trains the next generation of doctors, scientists and other healthcare professionals, and also includes a biomedical research enterprise and the region's largest physicians practice with more than 400 doctors. Albany Medical Center works with dozens of community partners to improve the region's health and quality of life. For more information: www.amc.edu or www.facebook.com/albanymedicalcenter.
